Amazon	04/03/2018	AZZ	5	Passion, intensity & the underlying love story	<p>When the world has little to offer you but YOU have EVERYTHING to offer the world !</p> <p>The WOW !! moments are plentiful ... I completely and thoroughly enjoyed the suspense of this story. Choice is a luxury and Simon proves THAT is for the few and NOT the many.</p> <p>I was astounded by the drama, I just couldn't put it down. It was "edge of the seat" stuff that's for sure.</p> <p>Then there is the underlying love story; boy meets girl, all they can think about is each other .. new love blooming ... hesitation, longing, aching separation, passion and love. This book has it all.</p> <p>Simon finds himself at a dead end in his life with only 'one hell' of a reality TV show on the horizon. Will he make selection ? Can he beat the system ? And finally, will he beat the clock ?</p>

Amazon	18/02/2016	Donna	5	Get your running shoes on	Cole Browning never disappoints. You get a book full of twist and turns you don't see coming. You get those hot, juicy sex scenes that you come to expect from one of his stories. But he also brings a story that makes you think and make you want to pay attention to detail. So what you get is a read that you don't want to put down. I don't want to give away plot cause you definitely need to read to find out. But let's just say you will be running a race of a lifetime. So go check out this adventure. You won't regret it.
Amazon	1/07/2015	Cheryl Riddell	5	Wow! What a game	Wow what a great game this would be in real life. As usual Mr Browning has created a master piece of fiction with his writing style changing slightly to make the reading more enjoyable. Loved the book, loved the fact there was great endings in place. A very enjoyable hot read

Amazon	23/12/2014	Mia Jay	4	Loved this read!	This book had me hooked from the start. A very different storyline to what I'm used to reading and it was a really enjoyable change. The suspense built throughout the story and I loved the end. I would definitely recommend this book.

Amazon	22/11/2014	Amazon Customer	4	I liked the difference between the "good guy" and the "Bad ...	This was an intresting story. I liked the difference between the "good guy" and the "Bad guy" of the players in his "Game" what's even more intresting is that it all may have been for nothing. He hints at the end that the player never remember the game. Which leaves the question as to why the people watching the game haven't figured it out yet? I mean there are bound to be friends and relatives of "winners" theat are wondering when they will get the money. Makes me want to read more to try to figure it all out. Very well written and attention to detail was great. Hate that it left me hanging but I really enjoyed it.

GoodReads	27/09/2014	Book-Lover Book Blog	3		I really struggled to get into this book. and i read til anout 78% and physically couldn't finish it. i was confused. half the book he wrote formally while other times it was informal which made things confusing and some didnt make sebse at all. The book itself was hot and extremely steamy. i really did want to enjoy this book
Amazon	20/09/2014	Sarah	4	What a great book this was	<p>What a great book this was!! Cole did an amazing job with this one! I thoroughly enjoyed reading this, the game was so entertaining, the sex was very very HOT - the characters were great the story idea was different but in a very good, entertaining and addictive way!!</p> <p>I would love to be able to take part in such a game !!</p> <p>There was only one winner in my eyes the whole way thru and that person did win - I was extremely pleased with the ending !!</p> <p>A very hot enjoyable and entertaining book !!</p> <p>Well done to Cole on this book - I have to say I think this is my favorite book of his to date that I've read :)</p>

GoodReads	16/09/2014	Kelly Byrne	5		<p>well Cole Browning has done it again. I couldn't wait for this book to be released. I couldn't put this book down even if I wanted to (which I certainly didn't.) From the 1st page I had high expectations from this book and it delivered and then some. Once again Cole Browning takes us on a very unique journey through the minds of some very fortunate men and even more fortunate women!! Each chapter tells a story of several different men who have been picked to take part in THE GAME and let me tell you its one very VERY hot game. Its literally a game of survival with some very hot steamy scenes that will leave you a lil (who am I kidding its Cole Browning , very hot under the collar) for me I saw a different side to Coles writing that I hope he explores more in future books!!</p> <p>While reading this book you can imagine you yourself are the lucky lady who has been selected to have her life changed ultimately for the better but I couldn't help feel that even without the substantial reward on offer I would have said no to any of the men's proposals especially a certain two but I'll leave you to figure out who those two are for yourselves.</p> <p>Cole Browning has quickly made it in to my top favourite authors he never fails to leave me satisfied and although I love his previous work this is an author who is getting better as he continues with his writings Play to win is by far my favourite of his books (I thought pleasure world would forever hold that title) but this man is not afraid to explore all aspects of what both men and women enjoy sexually and all those things there afraid to explore or express he shows us that adventure of every kind is there to be had and taken with both hands and never let go..</p> <p>To sum this book up I would say its like hunger games for adults the dirty sex crazed kind of adult if that's you you'll love every page of this book.</p>
Amazon	16/09/2014	pat	5	wow wow wow	<p>Play To Win was a book you cannot put down from the start. Every page turn leads you to another thrill, another climax that keeps you wanting more. The characters were well written. Read the book and decide which man would fulfil your fantasy.</p>

Amazon	15/09/2014	Mary Forster	5	Hot and Steamy	Wow - it's the first words that I have to say. Once you start reading you won't want to stop because you'll want to know who wins, and of course the hot steamy sex scenes that will leave wetness. I was wrong in the man I picked but have to say I was happy at who won. Always a pleasure reading this authors book, he knows how to draw you in and keep you wanting more :-) Read it, you won't regret it.
Amazon	12/09/2014	Donna D'Andrea	5	Hot, hot, hot!!!	Could not read this book fast enough! I was hooked from the first page. I would recommend this to anyone wanting to spice up their reading.
